

Product sheet  
Super Guard & Pig Guard Plus

#### Benefits

- A most cost-effective comprehensive solution, eliminating the need for installing a separate controller in every room.
- Round-the-clock automatic control and supervision ensures optimal climatic conditions.
- Ultimate convenience - the entire pig house may be managed from a single PC.
- Alarm center alerts the user to problems in any room in the pig house in real time

## Super Guard & Pig Guard Plus

Munters advanced Super Guard & Pig Guard Controllers are two innovative products that work together to revolutionize the entire concept of complete facility management. Specially designed, this highly efficient, user-friendly Munters solution is based on an inclusive system, in which one central server - Super Guard controls high-performance Pig Guard control units, installed in the different rooms of the facility.

SuperGuard & Piguard Plus

## INPUT

- Up to four Temperature Sensors
- Humidity Sensors
- Pressure sensor
- Potentiometers Feedback
- Feed count
- Water meter
