

Supplement

MK30, MK45, MK60

Wall suspension kit

1 Functional description

Using a wall bracket will give you more free floor area

1.1 Parts

No need for special tools when mounting.

1 pcs support for the lifting handle	1 pcs bar, right hand side
1 pcs rear support for the foot	1 pcs bar, left hand side
2 pcs wall brackets	10 pcs sheet metal screws

1.2 Tools

No special tools are required to mount the wall suspension kit.

1.3 Warning

Use appropriate mounting screws (not supplied) which are suitable for the actual wall material. Please observe the recommended minimum spaces for air inlet and air outlet which are mentioned in the service manual. Turn off the dehumidifier before placing it on the wall brackets.

1.4 Montage

Follow these steps to mount the wall suspension brackets and hang the dehumidifier on the brackets:

Step	Action	
1	Assemble the wall bracket (1) and the bars (4) and (5) by means of sheet metal screws, you may use the drawing referred to in steps 2/3.	
2	Mount the brackets on the wall, after having drilled holes in accordance with the table below: MK30, 45, A=335 mm, B=175 mm MK60 A=360 mm, B=175 mm	
3	Fix the wall suspension kit to the wall by means of appropriate screws (not included). MK30 = 32KG MK45 = 42KG MK60 = 46KG	
4	Place the dehumidifier on the bars (4) and (5), and fix it with the supports (1) and (2). The supports (1) and (2) can be placed in two ways: either for air outlet to the right or air outlet to the left. On the drawing air outlet turns to the left
